# Walker Junior High School School Accountability Report Card Reported Using Data from the 2014-15 School Year <br> Published During 2015-16 

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (Most Recent Year)

## Mission Statement:

The mission of Walker Junior High School is to provide rigorous programs and curricula, in which our students are challenged to meet high levels of academic achievement. Students will become compassionate life-long learners as they develop a greater sense of their role in the global community. Walker will provide a comprehensive system of support services that will ensure that all students learn.

General Information:
Walker Junior High School is a two-year junior high school that offers seven class periods per day. Seven periods allows students to have two elective classes. As a result, in addition to a strong and rigorous core program, students have the opportunity to experience band, theatre, choir, art, Spanish, home economics, woodshop, computers, multi-media, STEAM, school newspaper, yearbook, and speech. We believe in exposing students to a variety of electives so that they can experience an array of offerings and see if there are particular pathways they are interested in following in high school. Our core classes teach the content standards through literacy and collaboration, communication, creativity and critical thinking. We strive to teach our students 21st century skills, so they are prepared to succeed in high school, college and in their careers.

## Highlights:

At Walker Junior High School, its STEAM Academy was recognized as a Gold Ribbon model program in 2015. According to Principal Dr. Kirsten Levitin, the STEAM Academy, which is in its second year, focuses on several STEAM-centric learning opportunities, including computer programming through the lens of video game development, electronics, and microcontroller programming culminating in robotics work.

Demographic Information:
Walker Junior High School, located in La Palma, California, serves 1,112 students, in which 11\% are English Learners, and 9\% are Students with Disabilities. The demographic profile also indicates the following regarding student subgroups: $39 \%$ Hispanic, $20 \%$ White, $21 \%$ Asian, $4 \%$ African American, 10\% Filipino, and 5\% indicate multiple ethnic groups.

Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.
Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Year and month in which data were collected: August 2015

All content subject areas utilize standards-aligned, State and District adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district-level through an established curriculum cycle. Teachers are given in-depth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language needs and the learning needs of students.

This information was collected in October 2015.

## School Facility Conditions and Planned Improvements (Most Recent Year)

Walker Junior High School opened in 1959. The 27 acre site includes 26 regular classrooms and a number of portable classroom buildings. There are 18 labs, which are designed for specific programs (i.e. computer lab, science lab, choral music room, etc.) The site also includes a cafeteria, a library, a gym and a variety of sports fields.

Maintenance and Repair: Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

Cleaning Process and Schedule: The District's Board of Trustees has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily. Deep cleaning, including waxing of floors and painting, takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure.

The most recent site inspection was completed on October 5, 2015.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

## Opportunities for Parental Involvement (Most Recent Year)

#### Abstract

Walker Junior High is a family friendly school. Walker offers parents the opportunity to be involved in a strong PTA, ELAC, and School Site Council, as well as several volunteer opportunities. Walker has an established cohort of skilled volunteers to help with lunchtime activities and supervision on a daily basis. We share a community liaison with Kennedy High School to provide a parent link to the schools. Walker reaches out to 6th grade parents through a 6th grade Walker Showcase. Additionally, Walker utilizes its Counseling Department to reach out to feeder elementary schools, and also reaches out to the elementary schools through selected elective and academic programs. Walker facilitates communication to students and parents in a variety of ways, including home calls, the school website, College/Career Night, Back to School Night/Open House, Career Day, Aeries training, and parent workshops on many topics that are of interest to parents. All parents are encouraged to get involved and volunteer at Walker. We look forward to meeting all of you!

[^0]Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their content knowledge and instructional skills. New teachers are also required to participate in the Beginning Teacher Support and Assessment (BTSA) program. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity to prepare students with 21st Century college and career skills. Teachers teach the Four C's (communication, collaboration, creativity and critical thinking). Teachers learn to utilize students' assessment results in order to target instruction to better meet the individual needs of students. All District staff members are supported in their efforts to incorporate literacy and to deliver highly-effective lessons. Teacher collaboration time occurs every Tuesday morning, during late-start days, and is used for professional development activities, which include analyzing student assessment results, refining curriculum, and sharing new instructional strategies to help facilitate the transition to the Common Core State Standards. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. Walker's Lesson Design Specialist, who also teaches at Walker, works with the staff to plan and implement meaningful professional development activities. We conduct several Learning Walks each school year with teachers, parents and our feeder elementary principals. We also have a Response to Intervention and Instruction teacher who works with our students and staff to provide best first instruction. Leadership capacity is being built up through the implementation of teacher led Focus Teams that address a variety of site needs including PBIS, site safety, student monitoring, discipline, fundraising, school spirit, and technology.
