2021-2022 School Accountability Report Card
(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Mission Statement:

The mission of Walker Junior High School is to provide rigorous programs and curricula, in which our students are challenged to meet high levels of academic achievement. Students will become compassionate life-long learners as they develop a greater sense of their role in the global community. Walker will provide a comprehensive system of support services that will ensure that all students learn.

General Information:

Walker Junior High School is truly a community school with strong connections to both the local businesses, families and a strong alumni base. We are a two-year junior high school that offers seven class periods per day. Seven periods allows students to have two elective classes. As a result, in addition to a strong and rigorous core program, students have the opportunity to experience band, theatre, choir, art, Spanish, Korean, home economics, woodshop, computers, multi-media, STEAM (Science, Technology, Engineering, Arts, and Math), and yearbook. We believe in exposing students to a variety of electives, so that they can experience an array of offerings, and see if there are particular pathways they are interested in following in high school. Our core classes teach the content standards through literacy and collaboration, communication, creativity and critical thinking. We strive to teach our students 21st century skills, so they are prepared to succeed in high school, college, and in their careers.

Highlights:

At Walker Junior High School, its STEAM Academy was recognized as a Gold Ribbon model program in 2015. The STEAM Academy, focuses on several STEAM-centric learning opportunities, including computer programming through the lens of video game development, working with drones, artificial intelligence, electronics, and microcontroller programming culminating in robotics work. This academy is the first step of the Exclusive Pathway between Walker and Kennedy High School; the Kennedy Institute of Technology and Engineering (KITE).

Walker Junior High School was awarded the 2021 Civic Learning Award of Excellence by the Judicial Council of California and the California Department of Education.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All content subject areas utilize standards-aligned, State and District adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district level through an established curriculum cycle. Teachers are given in-depth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language needs and the learning needs of students.

This information was collected September 14, 2021.

School Facility Conditions and Planned Improvements

Walker Junior High School opened in 1959. The 27-acre site includes 26 regular classrooms and a number of portable classroom buildings. There are 18 labs, which are designed for specific programs (i.e. computer lab, science lab, choral music room, etc.). The site also includes a cafeteria, a library, a gym, and a variety of sports fields.

Maintenance and Repair: Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

Cleaning Process and Schedule: The District's Board of Trustees has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily. Deep cleaning, including waxing of floors and painting, takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure.

The most recent site inspection was completed on October 3, 2022.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	54	N/A	43	N/A	47
Mathematics (grades 3-8 and 11)	N/A	34	N/A	23	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Walker Junior High is a family friendly school. Walker offers parents the opportunity to be involved in a strong PTSA, English Learner Advisory Committee (ELAC), and School Site Council, as well as several volunteer opportunities. Walker has an established cohort of skilled volunteers to help with lunchtime activities and supervision on a daily basis. Through the Walker Engagement Passport families are encouraged to track engagement as they participate in school activities. Walker facilitates communication to students and parents in a variety of ways, including home calls, the school website, College/Career Night, Back to School Night/Open House, Career Day, Aeries (student information system) Parent Portal training, Coffee with the Principal, and parent workshops on many topics that are of interest to parents. Walker reaches out to 6th-grade parents through a 6th grade Walker Showcase. Additionally, Walker utilizes its counseling department to reach out to feeder elementary schools, and reaches out to the elementary schools through selected elective and academic programs.

We share a Family and Community Engagement Specialist (FACES) with Hope School to provide a parent link to the schools. Through this collaboration, we offer the Parent Leadership Academy twice a year in English, Spanish, and Korean. Through our Family and Community Engagement Team and newly opened Family and Community Engagement Center we host a variety of parent and community workshops, trainings, and activities. The goal of a Family & Community Engagement Center is to help all families succeed, and we do that by removing barriers and connecting families with available community resources. "The Center" is the hub of support for the Walker community. Help can come in many forms: anything from student homework help and school supplies, to health services and dental care, clothing, food, emergency housing, job assistance and more. All of our services are free and available to the community. More than just a resource, The Center @ Walker is a catalyst for community engagement; inviting and encouraging connections. It houses programs that affirm and strengthen families' cultural, racial, and linguistic identities and enhance their ability to function in a multicultural society. Our calendar for Parent and Community workshops is already full- we literally start with our first workshop in August and don't stop until school is out. The Center @ Walker is the place to collaborate, learn, and grow as a community. The Center is an environment for learning and sharing of information. We have the following workshops/programs for our community that will be held in The Center:

Multiple Meeting Programs:

- Parent Leadership Academy Spring & Fall
- Parent Leadership Academy 2 Spring
- Parent Learning Walks Monthly

2022-23 Opportunities for Parental Involvement

- Coffee w/ Principal monthly
- PTSA Meetings monthly
- ELAC Meetings monthly

Single Meeting Workshops:

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.72	1.86	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Walkers Safe Schools Action Plan is updated annually and submitted for approval in the spring. The most recently approved plan is the 2021-22 plan which remains in effect until the 2022-23 plan is approved in the Spring of 2023.

Walker's 2021-22 Safe Schools Action Plan was written in consultation with our Site Safety Focus Team, which meets monthly throughout the year. The plan was reviewed by the team and then submitted for review to our School Site Council on February 24, where it was approved. The plan was then forwarded to the local police department and approved, then formally submitted to the District and the County on March 1, 2022.

The 2021-22 plan focused on the following goals:

- increasing pro-social communication and interaction skills and decreasing discipline referrals through a variety of presentations to students (a Welcome to Walker orientation for new students, behavioral and academic expectations presentations in classes, and an anti-bullying play for 7th graders and movie for 8th graders), schoolwide use of -- -
- PBIS and Capturing Kids' Hearts strategies, and a peer mediation program through our PALS student leadership class.
- keeping staff prepared for emergencies through annual disaster preparedness training and drills, FEMA trainings, and coordination with the City of La Palma and La Palma PD.
- improvement of physical plant safety via a safety walk-through to identify and remediate safety hazards.
- maintaining campus security and safety through the on-going use of our video surveillance system and Raptor visitor-management system.

2021-22 Types of Services Funded

English Learner, Special Education, and Staff Development programs are supported through the following categorical funds: Special Education, Title II Professional Development, Local Control Funding Formula (LCFF), Title IV and Perkins funding. Through the Local Control Funding Formula (LCFF) we are able to support struggling students and English learners with additional supports and interventions. Specialized courses during the school day such as an Intensive Reading course for students who are in need of additional reading support, STEAM, ASB, World Languages, Woodshop, Band, Choir, Drama, Art, Culinary, 3D Design, Multimedia, NGSS science labs, and many more are supported through the LCFF and Title IV funds. Outside the school day, we offer tutoring services, EL Progress Monitoring, and Student Mentoring Programs. Additionally, we offer specialized academies for intervention and support through the Saturday Academy structure. Through our partnership with the City of La Palma we offer an after school program called Inspo Teen to provide students with a healthy and safe place to socialize.

Professional Development

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to four professional development days and weekly late-start meetings, which are scheduled each year for professional learning activities. New teachers are also required to participate in a teacher induction program. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize students' assessment results in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All District staff members are supported in their efforts to deliver highly effective lessons. Teachers and administrators are given many opportunities to examine current instructional programs and strategies and realign with state curriculum performance and content standards. Research-based instructional strategies are reviewed and implemented.

In addition to what the district provides, Walker Junior High School has weekly professional development opportunities on Tuesday's late start days. The time is utilized by departments, specialized programs, and cross-curricular articulation. All educational staff is involved in a variety of workshops and conferences.

This table displays the number of school days dedicated to staff development and continuous improvement.
